**GUIDED PATHWAY: COMPUTER/ELECTRICAL ENGINEERING (UNT/RLC)
[ELECTRICAL ENGINEERING REQUIRED COURSES]**

For more information, visit www.dcccd.edu/Engineering and your academic advisor at Richland college.

The Computer/Electrical Engineering pathway prepares you to enter a bachelor's degree program in Computer Engineering or Electrical Engineering at the University of North Texas (UNT) ⁱⁱ. **This pathway focuses on required courses for the Electrical Engineering program at UNT.**

This is an example course sequence for students interested in pursuing Computer/Electrical Engineering. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an AS degree ⁱⁱⁱ, which will increase your chances of transfer to Computer Engineering or Electrical Engineering at UNT ⁱⁱ. Students who transfer to UNT will **not** be core complete if he/she completes this degree. This degree **does not** include all core course requirements. Courses that complete the Degree (D) are noted below. For official degree requirements, [click here](#).

Visit www.dcccd.edu/TransferServices to view information about transfer to UNT. Visit with your academic advisor to ensure the courses below will help you transfer to the Computer or Electrical Engineering program at UNT.

COLLEGE READINESS REQUIREMENTS

Enrolling in one or more courses may be necessary if assessment activities and previous academic experiences indicate a need for additional knowledge and skills:

ⁱ Degree plans may change in later catalogs. You may use this pathway if you entered one of the seven colleges on or before this date.
ⁱⁱ You may need to complete additional courses, beyond those listed in this pathway, to be accepted into the Computer Engineering or Electrical Engineering program at UNT. Speak with your academic advisor for more information and a list of additional courses.
ⁱⁱⁱ Students must earn at least 25% of the credit hours (15 hours) required for graduation through instruction by Richland College.
^{iv} To register for MATH 2413, you must have completed the prerequisite math courses as follows: MATH 1314, MATH 1316, MATH 2412
^v This is not an official degree plan. For official degree requirements, [click here](#).
^{vi} You must earn a grade of "C" or better in English 1301 and the selected college-level mathematics course and receive a GPA of at least 2.50 on all college-level course work.
^{vii} Selected courses based on completing the Electrical Engineering Required Courses [There is a Computer Engineering track for this pathway]
^{viii} There are several options to fulfill this requirement. See your academic advisor for a specific list.
