GUIDED PATHWAY: ELECTRICAL ENGINEERING TECHNOLOGY – EET SPECIALIZATION (MOUNTAIN VIEW COLLEGE)

For more information, visit www.dcccd.edu/ElectronicsRelated and your academic advisor at Mountain View College.

This is an example course sequence for students interested in pursuing Electrical Engineering Technology. It does not represent a contract, nor does it guarantee course availability. Following this pathway will help you earn an Associate of Applied Science (AAS) degree in Electrical Engineering Technology – EET Specializationⁱⁱ. For official degree requirements, [click here](#).

This program is designed specifically to provide the student with skills to perform technical duties associated with the installation, repair, maintenance and calibration of equipment used for the manufacturing and testing of semiconductor products. Students will gain skills in electronics and electrical engineering practices related to the semiconductor manufacturing industry. Gainful employment information for this degree can be found at www.dcccd.edu/gainfulemp. Courses that complete the Degree (D) are noted below.

Visit www.ntxccc.org/pathways to view guided pathways created for students who complete an AAS degree and the options for transfer.
